

Electronics Telecommunications Academy

June 4-9, 2006 ~ Bismarck State College

May Earn \$125 While You Learn!

\$1000 Scholarship Opportunity for Electronics/Telecommunications Program

The Electronics/Telecommunications Academy:

- Provides orientation and exposure to the career opportunities and challenges of Telecommunications.
- Showcases occupations, tools, safety requirements and skills necessary for enjoyable, good paying jobs.
- Provides opportunity for high school students to earn a quarter of credit during the summer.
- Exposes students to hands-on learning through classroom and work-site experiences.
- Introduces students to a variety of high-technology occupations within the telecommunications field.
- Sponsorships may be available that include lodging and food.

Application Requirements:

This opportunity is available to students who are presently high school sophomores or juniors and will be at least 16 years of age by May 31, 2006.

Completed applications can be sent by April 15, 2006 to:
